**THERE IS NO
MODERNITY
WITHOUT RESPECT
TO TRADITION**

Knowing where we come from and the importance of tradition is essential to know where we are going. The result of our architects's work, a contemporary and near perfect design.

NATURE AND HEALTH

Nature relaxēs and focuses the mind. Seeing a tree from your window, the horticulture, the flower pots, your orchard... **Nature can be beneficial in many ways.**

Rachel Kaplan

LIGHT AS VITAL ESSENCE

An ecological economy focused on the nutrition and the earth's wellbeing increases the persons inner strength, promotes ethical relationships and celebrates life.

Courtney White

Health:

- Adequate natural lighting.
- Ventilation air quality 20% better than required by law.
- Low levels of volatile organic compounds.
- Improved acoustic isolation.

Savings:

- Reduction in heating consumption.
- Efficient elevators.
- 100% Led lighting.

Ecology:

- Low consumption taps.
 - CO2 production reduced.
 - Minimum environmental impact during the construction project.
 - Plantation of species adapted to the irrigation demand.
-
